2. Residents of Missouri, as defined in [Section 230.020](#), shall be assessed the tuition at resident rates. Students who are not residents of Missouri shall be assessed the tuition at nonresident fees.

- C. Tuition Waivers -- The Board delegates to the President of the University of Missouri System or his/her designate the authority to waive all or a portion of the tuition, if deemed appropriate and for sound educational purposes.

- D. Tax Credit
 1. For nonresidents who pay Missouri income tax, the nonresident tuition fee shall be credited in an amount equal to the actual Missouri income tax paid for the previous calendar year except that the remaining obligation shall not be less than the amount of the resident tuition. The tax credit shall be offset against the tuition only and not other fees or obligations.
 2. Unemancipated minor or adult dependent students are eligible by reason of payment of Missouri income tax by the nonresident individual(s) having legal custody of the student.
 3. For purposes of determining the appropriate previous calendar year in which tax payment credit applies, students entering in January shall be regarded as

1. For undergraduate courses and programs the standard undergraduate tuition for resident and non-resident students as appropriate will apply for students who attend classes on a UM campus. In some cases the courses or programs may require additional expenses and a supplemental fee may be charged with Board approval using the procedures outlined in Collected Rules and Regulations Section 230.010 - Tuition and Supplemental Course Fees. Exceptions in the form of a special tuition rate may be proposed to the Board for approval.
2. For non-resident distance students the undergraduate eLearning tuition may fluctuate within the range of the current resident and non-resident rates based on market demand.
3. For graduate and professional programs the tuition structure will be limited to a range approved by the Board of Curators. Each campus will submit a separate range for its tuition. The Chancellor is delegated the authority to determine the applicability of such tuition and to approve individual tuition rates consistent with the approved range for such tuition.
