## **Introduction and Overview**

### **Introduction**

The University of Missouri System Operating Budget Book presents information on total sources and uses of the University's Current Funds. Sources of funds include estimated beginning balances and anticipated revenues. Uses of funds include expenditures, transfers, and planned ending balances. Current Funds include resources of the University that are expendable for any purpose directly related to the primary missions of the University, i.e., instruction, research, and public service, as well as related support services. Current Funds can be divided into restricted and unrestricted funds. Restricted funds are those that are restricted in use by the donor or supporting agency. Excluded from this document are loan funds, plant funds, endowment and similar funds, retirement and similar funds, and agency funds.

### **Context for Budget Planning**

Budget planning and development for fiscal year 2005 was guided by the policy decisions and planning parameters of the Board of Curators as defined in the University's Strategic Plan, financial planning assumptions, and by the program decision items included in the FY 2005 Appropriations Request for Operations. An increase in tuition of 7.5% was approved for academic year 2005. Expenditure assumptions for planning included the following:

## **FY 2005 Current Funds Budget Summary**

For fiscal year 2005, the University of Missouri's Current Funds expenditure budget totals \$1.9 billion. Of the total Current Funds budget, 87.2% is unrestricted and 12.8% is restricted. State Appropriations at \$434.1 million, comprises the third largest source of Current Funds revenue, contributing 22.7% of the total revenue budget. State Appropriations include \$388.8 million in Operating Funds for the general mission of the University, \$22.6 million for University Hospitals & Clinics, and restricted appropriations for the Missouri Institute of Mental Health, Missouri Kidney Program, Alzheimer's Research, the Missouri Research and Education

Table 4 shows the percentage distribution of the University's Educational and General expenditure budget by major program classification for each campus and business unit.
