Overview

This document contains the proposed rates for student housing, activity, facility, and health service fees for Fiscal Year 2008 and other supporting materials as submitted by each campus in the University of Missouri System. This information was prepared in support of recommendations to the Board of Curators for fee changes that would become effective in Summer Session 2007.

The fee proposals have been prepared under the direction of the Vice Chancellors or Vice Provosts for Student Affairs on each campus. Planning for fee changes is conducted using operating assumptions unique to each campus and activity, within the context of general economic guidelines communicated by the Assistant Vice President of Planning and Budget. The appropriate advisory groups, affected students, and/or their elected officers reviewed and approved these fee proposals.

The plan is that the following proposals will be recommended for approval at the January 25-26, 2007 meeting of the Board of Curators. Table 1 shows a summary of fee increases for consideration by the Board of Curators, with details for tuition, other required fees, and room and board charges. Tuition rate proposals for FY2008 have not yet been finalized and will be approved by the Board at their March meeting.

Housing System Highlights

Room and Board Contract Rates

Tables 2a - 2d detail the type of rooms and meal plans that are available on each campus as well as the current and proposed rates for each plan. Proposed room and board contract rates for the predominant plan reflect increases of 4.4% at UMC, 3.4% at UMKC, 7.6% at UMR, and 3.0% at UMSL.

Room rate proposals at UMC are based on an average increase of 5.1%. Meal plan rates are differentially increased in order to adjust the prices of the

At UMR room and board rate increases range from 7.2% to 8.8% depending on the facility and meal plan chosen. Summer session room and board rates increase from 5.9% to 6.1%. The UMR room rates reflect substantial increases in utilities and debt service. Meal plans are increasing from 8.9% to 9.2%. These cost increases are a result of a new food service contract proposal process that will provide increased services and upgraded food service options in response to enhanced industry standards and student demand. These proposed changes have the support of the Rolla Residents Hall Association. At UMSL, both room rates and meal plans are proposed to increase 3.0%.

Family Housing

Proposed increases in rates for family student housing are 2.4% to 3.4% at UMC, 7.1% to 9.1% at UMR, and 3.0% to 3.1% at UMSL. UMKC does not offer family housing.

Capacity and Occupancy

Residence hall capacity is planned to increase by 3.1% or an additional 281 rooms for the fiscal year 2008. UMC has opened two new residence halls and closed others for renovation for net additional capacity in FY 2008 of 141 beds. UMR has added net capacity of 40 beds due to the opening of Residential College Building 2 along with the closing of Thomas Jefferson Hall for renovation. UMSL has added capacity of 100 beds due to Villa Hall being brought back online after required maintenance. All of the combined campus changes bring the capacity to 9,414 rooms. Detailed below, is the anticipated residence hall occupancy for fiscal year 2008.

	<u>UMC</u>	<u>UMKC</u>	<u>UMR</u>	<u>UMSL</u>	<u>Total</u>
Residency Hall Occupancy	5,825	852	1,410	657	8,744
Percent of Capacity	93.4%	97.3%	89.1%	91.6%	92.9%
Change in Occupancy Rate from FY200	7 -2.2%	0.8%	0.0%	54.5%	0.9%

The apartment capacity is unchanged from FY 2007. Expected occupancy rates at UMC, UMR, and UMSL are 99.6%, 97.2% and 94.2% respectively.

Financial Plans

Tables 3a-3e presents the housing system financial plans for each campus and the system in total. The UMC financial plan shows anticipated expenditures and transfers slightly higher than revenues. UMKC shows a balanced budget plan while UMR and UMSL show anticipated revenues slightly higher than

expenditures and transfers. Consolidated revenues for the housing system are projected to increase 6.3% for FY 2008. Combined housing system expenditures and transfers for the campuses are projected to increase 6.4% in FY 2008. These increases are primarily a result of increased capacity, above normal inflationary increases for utilities, and increased mandatory transfers primarily for debt service of new and renovated facilities.

Activity, Facility, and Health Service Fee Highlights

Table 1 shows a summary of average academic year charges for student fees, while Tables 4a-4d present details of the proposed activity, facility and health service fees. Proposed increases in total activity, facility, and health service fees for undergraduates average 3.9% across the system.

At UMC, undergraduate Student Activity Fees include fees to fund: Student Government, Student Organizations, Readership Program, Sports Clubs, Minority Student Organizations, Associated Students, Capital Improvements, Divisional Councils, Transportation System, Memorial Union, Student Life, Counseling Center, Jesse Auditorium, and Parking Garage. The Graduate/Prefessional Student Activity Fees support all of these except the Minority Student Organizations. The undergraduate student activity fee is recommended to increase 7.3%, or \$7.92. This recommendation includes an inflationary component, reallocation from some fees to higher priorities, plus some fee increases to address additional programming. The \$1.00 additional fee for transportation will fund additional routes, and the \$2.14 additional programming fees for Student Life is proposed to provide additional programming revenue to student activities, late night programming, and the Center for Leadership and Civic Engagement. An additional fee of \$0.63 for the Sports Clubs is proposed to provide funding for insurance for club participants. These fees are assessed per credit hour with a full fee plateau at 12 credit hours fo

Additional funds will be used to support increased costs, rising visit volumes, and for additional psychiatric elements to the mental health component. Proposed activity, facility, and health service fees at UMC in total will increase 7.1%, or \$22.33, for undergraduates and 1.6%, or \$5.04, for graduate and professional students

(UPB). Approximately \$315,000 from the total student fee will be allocated to the University Program Board on an annual basis through the Student Activity Budget Committee. The UPB will continue to submit budget requests to the Student Activity Budget Committee (SABC) along the timeline established for all student organizations. The Student Service fee reflects an 18% increase, or \$1.08. This increase will allow student organizations to continue receiving increased allocations for items such as capital equipment, computers,

Table 1. University of Missouri System, Summary of Proposed Fee Increases, Academic Year 2008

(1) Based on average fees for a resident undergraduate student at fifteen credit hours per semester for 2 semesters. FY08 rate proposals are not yet finalized (2) Activity, Facility, and Health Fee increases in excess of inflation are new initiatives that were initiated or approved by the Student Government Assoc or their representative

⁽¹⁾ Meal contracts - Food Service is not considered a part of Residential Life financial operations.

⁽²⁾ Includes mandatory programming fees, laundry commission and anticipated increase in summer conference revenue.

⁽³⁾ Increase reflects additional student staff room & board benefits for increased student intern positions.

⁽⁴⁾ FY08 reflects a 10% increase in water & electricity, a 15% increase in gas and a 3.9% increase in cable services.

⁽⁵⁾ Reflects the elimination of contract custodial services.

⁽⁶⁾ Reflects future M&R transfer and capital pool transfer.
