Any Contract issued as a result of this Solicitation shall be governed by the laws of the State of Missouri without giving effect to the conflict of laws principles. Any action to enforce or interpret any Contract issued as a result of this Solicitation shall be brought in the state or federal courts having proper venue in the State of Missouri. Additionally, the Supreme Court of the United States and the federal laws, ordinances and regulations related to the performance of the Contract shall apply to the extent that the same may be applicable.

The Curators of the University of Missouri is a public corporation and, as such, cannot create indebtedness in any one year (the fiscal year beginning July 1 to June 30) above what they can pay out of the annual income of said year as set forth in 172.250, RSMo. Therefore, if MUHC determines it has not received adequate appropriations, budget allocations or income to enable it to meet the terms of the awarded Contract, MUHC reserves the right to cancel the Contract with 30 days' notice.

In connection with the furnishing of equipment, supplies, and/or services as a result of this Solicitation, the Supplier and all subcontractors shall not discriminate against any recipients of services, or employees or applicants for employment on the basis of race, color, national origin, ancestry, religion, sex, pregnancy, sexual orientation, gender identity, gender expression, age, disability, protected veteran status, or any other status protected by applicable state or federal law. The Supplier shall comply with federal laws, rules, and regulations applicable to subcontractors of government contracts including those relating to equal employment of minorities, women, persons

The Supplier expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished or adopted by MUHC, (2) be fit and sufficient for the purpose expressed in the Solicitation, (3) be merchantable, (4) be of good materials and workmanship, (5) be free from defect. Such a warranty shall survive delivery and shall not be deemed waived either by reason of MUHC's acceptance of or payment for such equipment, supplies, and/or services.

No equipment, supplies, and/or services received by MUHC pursuant to a Contract shall be deemed accepted until MUHC has had a reasonable opportunity to inspect said equipment, supplies and/or services. All equipment, supplies, and/or services which do not comply with specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective, or which do not conform to any warranty of the Supplier upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.

The bidder hereby guarantees that no article listed herein is adulterated or misbranded within the meaning of the Federal Food, Drug and Cosmetic Act or an article which may not, under the provisions of Federal Law, be introduced into interstate commerce.

The Supplier shall maintain, during the term of the Contract, all books of accounts, reports, and records in accordance with generally accepted accounting practices and standard for records directly related to this Contract. The Supplier agrees to make available to MUHC, during normal business hours, all books of account, reports and records relating to this Contract for the duration of the Contract and retain them for a minimum period of one (1) year beyond the last day of the Contract term. In the event time and materials are a portion of this bid, MUHC reserves the right to re

Compensating Controls and Descriptions

All statements and questions below are mandatory unless they are not applicable. For all other questions, if a requirement cannot be met, the vendor still has an opportunity to meet the requirement by the use of compensating controls. Compensating controls must be described in full in the appropriate column, including a full explanation of the compensating control detailing how the control meets the intent of the original question. In some instances, the University has requested that the vendor provide a description to accompany their response to a particular statement or question below. Descriptions are requested when a "Meets or Exceeds" answer alone could be deceptive without further detail.

When more room is needed to fully explain the compensating control or provide further detail, attachments can be included so long as such attachments are labeled and cross-referenced in the "Comments or Explanations of compensating controls" column. The University has the sole right to determine if a proposed compensating control is acceptable and if the details provided describe a solution that truly meets or exceeds the University's needs.
