Fall Enrollment - CIP CODE Selection

Indicate which of the following fields of study are offered by your institution. In addition to reporting total undergraduate and graduate fall enrollments every year, in even-numbered years you are to report the subset of enrollments that fall within each of the CIP codes listed below.

Fields for which enrollment was reported for Fall 2018 have already been checked; please make sure all listed fields that are offered by your institution are checked.

Note: CIP codes listed below may not reflect all fields of study offered by your institution, therefore the subset of enrollments by CIP codes selected may not sum to your institution's total fall enrollment.

Part C - Screening Question

Did any of your first-time degree/certificate-seeking undergraduate students (reported in Part A) enroll within 12 months of graduating high school or receiving their GED?

- No, we do not have any first-time students who enrolled within 12 months of their high school graduation.

Part E - First-time Bachelor's Cohort Retention Rates (Part-time)

Retention Rates - Part-time, First-time Bachelor's Cohort from Fall 2019

Academic reporters determine the cohort and retention as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2019 and retention based on August 1, 2020.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

Retention Data Reporting Reminders:

- Include only part-time, first-time bachelor's-seeking students in this cohort.
- Determine part-time using Fall 2019 attendance status (e.g., if a student was part-time in Fall 2019, report them in the part-time cohort regardless of their Fall 2020 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E7a) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g., Peace Corps); or to serve on official church missions.
- Report in the inclusion box (line E7b) first-time bachelor's-seeking study abroad students who were excluded from the first-time cohort (line E6) but who have re-enrolled at the institution their second year.

Fall Enrollment Survey Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2020.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Fall Enrollment

Source	Description	Severity	Resolved	Options
Screen: Part D - Total Undergraduate Entering Class				
Perform Edits	The number of non-degree/non-certificate-seeking undergraduate students who are new to the institution this fall is expected to be greater than zero. Please confirm that the value reported is correct. (Error #6152)	Confirmation	Yes	
Screen: Part E - First-time Bachelor's Cohort Retention Rates (Part-time)				
Screen Entry	The calculated cohort retention rate is outside the expected range when compared with the prior year value. Please correct your data or explain. (Error #6308)	Explanation	Yes	
Reason	The larger than expected decrease is due to both the numerator and denominator being a small amount, any modest change in both will greatly change the percentage.
